

Thank you for purchasing the Comptech Icebox Intake kit for the Acura TSX. All components have been designed and manufactured utilizing the latest in technology and materials. Please take a moment to read this instruction manual and warranty information page thoroughly before starting any work. Remember to always use jackstands to support the vehicle when a car lift is not available. Always work in a clean environment and use the appropriate safety equipment and tools to avoid any potential damage or injuries. Comptech recommends the use of a Genuine Honda Service Manual to supplement these instructions. All Comptech products are intended to be installed by a professional installer. Many stock parts are reused during installation. Do not damage or discard any pieces during disassembly or installation. We recommend marking any hose or wire before disconnecting to avoid confusion during reassembly.

### Parts List:

- 1— Icebox Lid
- 1—High Flow Filter
- 1—Inlet Horn
- 1—Inlet Adapter
- 1—Inlet Horn Bracket
- 2—#56 Band Clams

### Step #1

**\*NOTE:** two people will make this job easier & lessen the possibility of damage to the front cover or paint.

- Undo front bumper cover by removing all snap clips and fasteners from perimeter of cover along grill area, along inner fenders, and along bottom of cover.
- Remove cover from vehicle by gently pulling cover from clips along fender and under headlamps.
- Place front cover on a blanket or soft cloth to avoid damaging paint finish.

#### Fastener Locations

A ▶: Bolt, 4    B ▶: Screw, 2    C ▷: Clip, 8    D ▷: Clip, 7    E ▷: Clip, 2

## Step #2

- Remove both bolts (A) fastening stock resonator box from chassis. Slide box out of main airbox above and factory air inlet to rear of box.
- Reach thru holes (B) into engine bay to easily access single bolt holding factory air inlet to radiator support and remove thru space in chassis.
- Slide one #56 band clamp onto inlet air horn (for Fender Bracket) and assemble lower inlet air horn with adapter attached using remaining #56 band clamp at top and insert inlet airhorn into bottom of stock airbox (C).
- Position fender bracket inline with lower grounding bolt (D), and attach using stock bolt in this location. Slide #56 band clamp over fender bracket and tighten in place.

### Step #3

- Remove stock lid and filter from factory intake box (A).
- Use starter can of UniFilter oil to evenly coat filter element with oil on both sides.
- Install Comptech filter element into stock box, yellow side up (B).
- Remove spring band from stock inlet pipe (C).
- Install Comptech high volume lid and secure using included hardware and attach stock inlet pipe to Comptech Icebox lid (D) no clamp is needed.
- Reattach front bumper cover in reverse order and secure front bulkhead cover in reverse order in **step #1**.

# COMPTECH

## Comptech® Product Warranty

**Comptech** - All products manufactured by Comptech are warranted against defects in materials and workmanship for a period of three years from date of original purchase. **This warranty is applicable only to parts which were purchased on or following January 1, 2006. All parts purchased on or preceding December 31, 2005 are subject to the conditions of our previous warranty period of two years.** This warranty applies only to the original retail purchaser and is not transferable. This warranty is intended to cover Comptech products when they are used in the manner for which they were originally designed. This limited warranty shall be void on all products found to have been used in racing or off-road applications, of any nature whatsoever, and on all products that show evidence of abuse, lack of maintenance, improper installation, misapplication, alteration in any way whatsoever from their original design or negligence in the use of Comptech products by the original retail purchaser or by any agent of the original purchaser. The warranty specifically excludes, but is not limited to; brake pad material, brake rotors, clutch friction surfaces, belts, normal maintenance items, and those items designated as a racing part. This warranty applies only to products made by Comptech, and does not include claims for labor or inconvenience. This warranty does not cover consequential damages claimed as a result of the failure or use of a Comptech product. Other products distributed by Comptech are covered by the terms of that manufacturer's warranty. Comptech reserves the right to change product design and/or specification without prior notice.

Warranty Service Procedure - In the event a problem develops with a Comptech product, please contact Comptech at 916.933.1080 during our normal business hours (8 AM to 5 PM M-F PST).

1. It may be determined that the product will have to be returned to Comptech for warranty inspection. A Return Goods Authorization will be assigned to you and is required for return, unless specified otherwise by a Comptech employee.
2. The retailer or the customer should return the product in question, freight prepaid. It must be accompanied by the original sales receipt and a clear description of the problem.
3. If the product is determined to be defective and within the warranty period, Comptech will repair, replace or issue a credit to the customer at Comptech's discretion. Any repaired or replaced product will be returned to sender, freight prepaid via UPS or truck.
4. No replacement warranty parts will be shipped until original parts are returned to Comptech for inspection.

Returns - In the event that a purchase must be returned, please contact a Comptech salesperson for a Return Goods Authorization number.

1. All returns must have the RGA number clearly written on shipping label or box, or shipment may be refused.
2. No returns after 14 days.
3. A 20% restocking fee will be assessed on all merchandise returned in 100% resalable condition (clean packaging, all pieces intact, etc.). If returned goods are not 100% resalable, an additional charge will be assessed. If merchandise is damaged, or shows signs of installation, the return will be disallowed.
4. All returns must be freight prepaid.
5. Special Orders parts are not returnable.
6. All approved returns are for credit only.
